

EXPANSION OF MARKET SHARE IN THE NETHERLANDS

IMELCO

PRESS RELEASE

BRUSSELS, OCTOBER 11TH

IMAGRO has announced the incorporation of two new members in September. The wholesalers Frigé and Snoeck will contribute to further expand the group's market share.

This development will not only strengthen IMAGRO's position on the Dutch market, but will also make it an even more valuable partner at IMELCO.

On a different note, one of IMAGRO's oldest members, Alcoo B.V. from Utrecht, is going out of business by the end of October. The group thanks Jos van de Wiel, owner of Alcoo B.V., for his long years of commitment and support.

For questions and further information concerning the latest developments at IMAGRO, please contact Jan van der Lof (jvdlof@vredenburg.net).

Please forward this information to everyone it may concern.
