How does Global Talent Exchange work?

IMELCO helps facilitate people to people exchanges between national and wholesaler members, by highlighting opportunities, connecting interested businesses, providing insights on practical issues, and sharing experiences with their wider group.

Who is the Global Talent Exchange for?

This opportunity is available for anyone with a direct connection to an IMELCO national or wholesaler member, whether as manager, employee, trainee, or student.

Who is responsible for participants?

Exchanges are arranged directly between the participating members. Some practical considerations:

- ▶ Role: responsibilities, location, timeframe, expectations
- ▶ Financial: accommodation, travel, possible payment
- ▶ HR: labor regulations, visas, tax, insurance

IMELCO is the facilitator and promoter of the Global Talent Exchange.
